Nordic Microbiota Meeting 2027 Oslo

Save the date 18-19 november 2027

Dates
Start: Tuesday 05 November 2024
End: Wednesday 06 November 2024

Venue
Oslo Science Park, Gaustadalléen 21, 0349 Oslo, Norge

Aims
Academic meeting to explore clinical and translational research in intestinal microbiome science; facilitate networking between young and experienced researchers; stimulate collaboration in microbiome research in the five Nordic countries.

Participants
Open to clinicians and researchers engaged in microbiome therapies in ther Nordic countries (Norway, Sweden, Finland, Iceland, Denmark). The steering committee prioritises a balanced representation from different countries, specialities, and seniorities.

Registration
More information about the programme and practical details will be provided on an ongoing basis
